

IN THE DISTRICT COURT OF UTAH COUNTY,

STATE OF UTAH.

X-4
PROVO RESERVOIR COMPANY,

Plaintiff.

vs.

STIPULATION.

PROVO CITY, et al.,

Defendants.

IT IS HEREBY STIPULATED AND AGREED by and between the parties to this cause that the right to use the waters emanating from what is commonly known as the Ontario Drain Tunnel No. 2, situate in Wasatch and Summit Counties, Utah, and flowing into Provo River or a tributary thereof is not in issue in this cause, and that the Midway Irrigation Company and Utah Power & Light Company, grantees of the Ontario Silver Mining Company, the owner of said tunnel, have the right to divert an equivalent volume of water from Provo River at such point or points as they may desire so to do below the point where such tunnel waters flow into the said Provo River, or tributary thereof, less only such an amount of said tunnel waters as may be lost in transit by seepage and evaporation.

AND IT IS FURTHER STIPULATED AND AGREED that the amount so to be deducted from the volume of water which the said Midway Irrigation Company and Utah Power & Light Company are entitled to divert from said river because of said seepage and evaporation shall be determined by the Court in this action.
